### 3R: Reduce, Reuse & Recycle

Furthermore, as mentioned on the KUBOTA poster, this month we particularly focus on reducing waste and consumption, reusing resources and recycling. That is why we ask you for your contribution to these important topics in the following way.

Use of water		Use tap water instead of bottles, resulting in less use of plastic (this also applies to visitors).
Minimize paper waste		Stay online and only print documents when absolutely necessary.
Take more exercise		Use the bike or your legs, instead of the car when moving around the site.
PMO Workshops		Attend the PMO workshops to get to know more about food, sleep and exercise.
