**3R: Reduce, Reuse & Recycle**

Furthermore, as mentioned on the KUBOTA poster, this month we particularly focus on reducing waste and consumption, reusing resources and recycling. That is why we ask you for your contribution to these important topics in the following way:

Use of water		Use tap water instead of bottles, resulting in less use of plastic (this also applies to visitors).
Minimize paper waste		Stay online and only print documents when absolutely necessary.
Take more exercise		Use the bike or your legs, instead of the car when moving around the site.
PMO Workshops		Attend the PMO workshops to get to know more about food, sleep and exercise.

Kverneland Group Mechatronics BV

Dear colleagues,

Following the success of the first edition we have organized another ECO-activity on **November 7, 2018**. The activity is focused on applying sustainability principles in our daily work. We therefore call on all of our employees to clean-up our site and remove plastic, cigarette buds and other waste.

We will gather at the Technical Workshop. Supplies will be handed out to clean-up our site resulting in less (plastic) litter. The activity is organized outside working hours in two groups:

- 1) Employees working until 16:00 start at 16:00
- 2) Employees working until 16:30 start at 16:30

With kind regards,  
Management Teams
